

KT PRO

Additional Warranty Programs

Torque Wrench and Torque Multiplier Warranty:

Horizon Tool Inc. offers a limited 12 month warranty on its KT PRO and King Tony torque wrenches and torque multipliers to be free from defects in workmanship and materials, (excluding calibration after 90 days of ownership) sold in the US and Canada through Horizon Tool Inc. This warranty does not apply to torque wrenches and torque multipliers that have been abused, misused, modified or disassembled by someone other than an Authorized Calibration Center. All KT PRO and King Tony torque wrenches that Horizon Tool Inc. distributes, comes with a certificate of calibration (C.O.C) and are manufactured to the highest ANSI & DIN industrial standards in the world. Horizon Tool Inc. recommends that all torque wrenches be recalibrated once a year or more, depending on usage and reset torque to 0 (ft-lb), (Nm) or (Inch-lb.) when not in use.

An RGA number is required for ALL returns to Horizon Tool Inc. A copy of the proof of purchase, along with a return address is required as well. Please call Horizon Tool Inc. Customer Service, at 1-800-537-1077 between the hours of 8AM and 5PM, **Eastern Time**, to find a certified calibration center nearest you.
