King Tony

Who We Are

Professionals in 130 countries around the world recognize the King Tony name as being synonymous with high quality hand and air tools and in 2007, King Tony brought their brand and quality to the United States and Canada. Since 1984, King Tony has been making hand tools of worldclass quality that meet the needs of professionals in both automotive and industrial applications. Our tools meet or exceed the toughest standard in the US, Europe or Asia and our factories are all ISO certified to assure our customers that they will never regret their purchase of a King Tony product.

What We Offer

Horizon Tool Inc. offers three brands in North America: KT Pro Tools, our highly polished chrome mechanics and maintenance tools. Mighty-Seven (M7), a uniquely engineered line of air tools, and the King Tony brand of pliers, screwdrivers and automotive specialty tools. All three brands share the King Tony global commitment to quality, service and satisfaction that has made King Tony one of the largest privately held hand and air tool manufacturers in the world.

Why King Tony

Whether you need socket sets or torque wrenches, pliers or an air sander, we invite you to browse our website and catalog and compare our low pricing to that of other quality tools. If you make your living using high quality tools you will find that you don't need to mortgage your future to own King Tony products. Feel free to order directly from our website (your order will be fulfilled by our nearest stocking distributor) or, if you are a distributor, give us a call and we will discuss the advantages of stocking products from Horizon Tool Inc.

KT PRO

GRIPSTRIP™ Technology

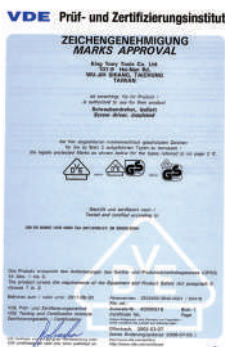

The latest innovation in socket tool technology is here with our new patented rubber strip. This feature offers several advantages over all other socket tools supplied in the industry today.

The material in our *GRIPSTRIP™* is chemical resistant and easy to clean. The socket design incorporates the *GRIPSTRIP™* into the socket to provide just enough surface variation without interfering with the socket function.

The color coded *GRIPSTRIP™* easily identifies the SAE Red and Metric Blue sockets. The ergonomic benefit of a no-slip grip, easy to turn. Easy on and off applications. This enhanced gripping capability gives the user the ease of use when oils and chemicals are present.

This new technology is available on all 3/8", 1/2", 3/4" and 1" drive sockets. This combined with our larger markings makes this line of sockets the most user friendly and innovative product available in the industry today.

GRIPSTRIP™ is a patented technology of the King Tony Tool Co Ltd., protected under patent number 7987748.

Warranty Policy

Horizon Tool Inc. offers a Limited Lifetime Warranty, limited to the repair or replacement or equivalent, for the non-powered hand tools and accessories found to be defective in workmanship or materials within the useful life of the tool. Any repair or replacement of the tool based upon this warranty shall be approved by an authorized Horizon Tool, Inc. representative. This warranty applies to the tools supplied by Horizon Tool Inc.

Horizon Tool Inc. reserves the right to conduct inspection of the product to determine if the product is covered under warranty. The reasonable useful life of the tool, degree of material wear or degradation, will be taken into consideration to evaluate if the tool is qualified for any repair or replacement. This warranty does not apply to any product which has been misused, abused or altered in any way.

All implied warranties, including but not limited to, the implied warranties for merchantability or fitness for a particular purpose are hereby specifically excluded.

In no event shall Horizon Tool, Inc. be liable for consequential, incidental, or specific damages resulting from or in any manner related to the product, its design, use or any inability to use the same. The sole and exclusive remedy with respect to a defective product shall be the repair, or replacement of the tool. Ratchet head repair kits are available for all King Tony and KT PRO branded ratchets. This should be replaced if at all possible and not replace the whole ratchet.

King Tony and KT PRO torque tools are covered under a separate one year warranty program in back of catalog.

Sockets, Ratchets & Accessories

Precision

Manufactured to ANSI & DIN industrial standards

Durability

Quality chrome vanadium alloy steel. Precision heat treating for maximum strength

Visibility

Larger marking for easy size identification

Innovation

GRIPSTRIP™ ergonomic design. Identifying color for SAE and METRIC

Impact Sockets & Accessories

SAE & Metric 6 & 12 Points • 3/8", 1/2", 3/4", 1", 1-1/2" DRIVE

Precision

Manufactured to ANSI & DIN industrial standards

Visibility

Larger marking for easy size identification

Durability

Quality chrome molybdenum alloy steel. Precision heat treating for maximum strength.

Size

From 1/4" to 3" and 6mm to 90mm

Bearing Locknut Sockets

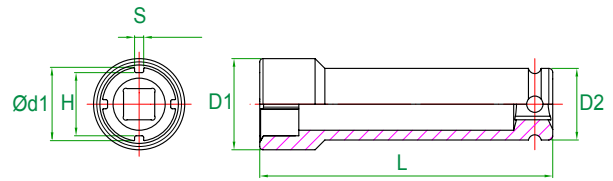

- Material - chrome molybdenum alloy steel
- Finishing - black chrome plated

D3342N, D3442N, D3642N

Bearing Locknut Sockets

- Impact quality
- Exceeds ANSI & DIN standards
- Large, easy-to-read markings
- Drive-end sized for standard ratchets T-handles, or torque wrenches 3/8" & 1/2"DR & 3/4"DR

KT PRO

Additional Warranty Programs

Torque Wrench and Torque Multiplier Warranty:

Horizon Tool Inc. offers a limited 12 month warranty on its KT PRO and King Tony torque wrenches and torque multipliers to be free from defects in workmanship and materials, (excluding calibration after 90 days of ownership) sold in the US and Canada through Horizon Tool Inc. This warranty does not apply to torque wrenches and torque multipliers that have been abused, misused, modified or disassembled by someone other than an Authorized Calibration Center. All KT PRO and King Tony torque wrenches that Horizon Tool Inc. distributes, comes with a certificate of calibration (C.O.C) and are manufactured to the highest ANSI & DIN industrial standards in the world. Horizon Tool Inc. recommends that all torque wrenches be recalibrated once a year or more, depending on usage and reset torque to 20 (ft-lb), 27(Nm) or 24 (Inch-lb.) when not in use. Ratchet head repair kits are available upon request. This should be replaced if at all possible, prior to the whole torque wrench.

An RMA number is required for ALL returns to Horizon Tool Inc. A copy of the proof of purchase, along with a return address is required as well. Delays can occur if proper paperwork is not provided. Please call Horizon Tool Inc. Customer Service, at 1-800-537-1077 between the hours of 8AM and 5PM, **Eastern Time**, for an RMA number.
